Reminder to all residents that Daylight Savings Time ends on November 7, 2021 and to change your clocks back an hour. Residents should also test their smoke alarms and carbon monoxide (CO) detector and replace batteries if needed. Fall cleanup is underway, please check the creepers for update as to when the Grounds Department will be in your area. The Association is closed on Thursday, November 11, 2021 for Veterans Day. Garbage pickup for Thursday will be on Wednesday, November 10, 2021. During the presentation of the 2022 budget, Management presented the concept of the Common Area Lighting Project. The Board approved the concept and agreed to begin the funding for the 7-year project. Management is seeking approval to release the funds to purchase the materials needed to begin the first year of the project, this will include upgrading 75 of the 344 street post lights. *E. Murphy moved to approve the release of year one funds for the Common Area Lighting Project at a cost not to exceed \$32,304.00. The funds to meet this expense will be provided by account #3230 – Capital Replacement/Common Buildings. F. Weinstein seconded. There was a brief discussion. A vote was called and all were in favor. Motion carried.* J. Snyder provided an update regarding the renovation at Club Encore. Management has been asked to obtain quotes for the replacement of the fully funded equipment in the LVW Fitness Center. It is the recommendation to purchase the replacement equipment from Life Fitness in order to have all the fitness equipment under the same company. This will allow us to obtain repair and maintenance from the same company. Below is the list of the needed equipment and the costs associated with their replacement.

If the Board wishes to move forward with the above equipment, the purchase would be from Life Fitness at a combined cost of \$34,057.88. The expense will be provided by account #3150 Property Fund-Replacements. The Board will vote on this at the next open Board meeting on December 1, 2021.

UNFINISHED BUSINESS:

1. The Master Deed amendment regarding Capital Expenditures was presented again as attached to the agenda.

2. The BOT announced that the Recycling Club has been disbanded due to the decline in funds and no leadership. The Board will vote to transfer the Recycling Funds at the next open Board meeting on December 1, 2021.

3. The remote gate entry concept was never implemented as initially proposed July 1, 2020 and voted to accept on August 5, 2020. The vendors failed to provide a workable contract that met the requirements outlines in the RFP. In addition, a major company withdrew from the proposal entirely. The failure has turned out to work in our favor being more beneficial than initially conceived. J. Schultz gave a PowerPoint Presentation regarding the new proposal that will provide enhanced benefits for the members. *E. Murphy moved to approve to employ services from Frontsteps and dwellingLIVE with the annual costs of \$11,753.00 provided by the operating budget and to approve to contract with USA Security Service Inc. to install the necessary equipment at a cost not to exceed \$52,000.00. The funds to meet this expense will be provided by account #3230 – Capital Replacement/Common Buildings. J. Carmody seconded. There were questions and comments from the audience members. A vote was taken and all were in favor. Motion carried.*

NEW BUSINESS:

1. Revisions to Specification 1_1, “Landscaping in the Five-Foot Area” were presented as attached to the agenda. The Board will vote on this at the next open Board meeting on December 1, 2021.

2. Policy Resolution regarding Moratorium on Opening of Newly Paved Streets was presented as attached to the agenda. The Board will vote on this at the next open Board meeting on December 1, 2021.

3. Management presented a solution to the time-consuming task of completing condo questionnaires for prospective buyers and owner refinancing at a workshop meeting on October 20, 2021. Charging a fee for processing these forms is the industry norm, but LVWA has not yet assigned a fee for completion of these forms. Upon recommendation from our accounting software provider, Management contacted HomeWiseDocs.com (HWD) and were provided a demo to determine if this service would be beneficial to LVWA. HWD owns an Internet-accessible software-based automated processing system that processes condo questionnaires for a fee. This fee is built into the fee charged to the lender, and would be split between the provider and LVWA. LVWA’s portion of the fee is determined by the BOT. The fee is passed on to the buyer/refinancer as part of the closing process. LVWA would provide the date/documents needed to complete the questionnaires and a lender, upon request, will be directed to the HWD website, and where they will obtain all forms needed, for a fee. As HWD collects the fees from the lenders, they will follow the remittance schedule as outlined in the service agreement to remit funds to LVWA twice a month. Management is proposing and recommending the signing of the service agreement with HomeWiseDocs.com to provide this service for LVWA at no cost to LVWA. The Board will vote on this at the next open Board meeting on December 1, 2021.

The next open Board meeting will be held on Wednesday, December 1, 2021 at 1:00 PM in the auditorium at Willow Hall.

There being no further business, the Board meeting adjourned at approximately 8:46 PM.

Resident: D. Tucker from 1000A Thornbury Lane spoke about the mask mandates and clarified her statement from the last meeting.

Resident: B. Gilbert from 4A Edinburgh Lane was seeking clarification regarding service animals from the Administration Committee report at the open portion of the Board meeting. She asked the Board questions regarding being vaccinated and wearing a mask versus not wearing a mask.

Response: The Administration Committee is working on a policy for Service Animals and they will be permitted in the Recreation buildings. Public health is paramount and the Board is currently following the CDC guidelines.

Leisure Village West News – Guidelines

Leisure Village West News is one of many forms of communication within the Village. Its format provides more detailed information about Village affairs as well as club and group activities.

Clubs must submit their articles by email (news@lvwa.net) in a **Microsoft Word Document**. If you are unable to fulfill this requirement, please have someone in the club submit the article.

- **Title** - include the club's name and any "headline" you may wish to call attention to your article.
- **Byline** – authors name
- **First paragraph** – basic features of the article. Who, What, Where, and When.
- **Sell your club** – what makes it interesting – charity, speakers, and fun activities.
- **Photos** – must clearly highlight the event. Clear photos from a reasonable distance. A maximum of three photos will be published, and we reserve the artistic license in the selection of photos submitted.
- **Dates** – pay particular attention to submitting correct dates. Date changes logged with the Recreation Department after the newspaper deadline may appear incorrectly.
- **Be consistent** – for example, use Club Encore, not Encore, and Willow Hall, not Willow.
- **Page limit** – Lengthy articles may be edited.
- **Deadline** – submissions must be received by the first of each month for the following month's publication.

Happy New Year

Annual Audit Meeting

The Board invites you to join us for the fiscal year ending September 30, 2021 audit at Willow Hall, Wednesday, January 26, at 7:00 pm. Skip Bauer of Mohel Bauer & Gass, CPA's will present the audit year in review. After his presentation, the microphone will be open for your questions on the audit. Audits are made available at Willow, Encore, and the Association Office for those who may not have the internet. Copies are also available online on lvwcreeper.com.

Master Deed Amendment, Almost Time to Vote

The Board will be kicking off the process to amend the Master Deed at the February Board meeting. Unlike the recent bylaws vote, a master deed vote cannot use a rejection-type ballot. Our Master Deed may only be amended by the members and must achieve an affirmative vote from 2/3rds of the community as a whole. Assuming every one of the 2692 units is occupied, 2/3rds of those units are needed to approve this amendment, or 1,795 "yes votes," a genuinely imposing goal. I know some believe that the recent bylaws amendment lowering the quorum would somehow reduce the requirement to amend our documents, but that is not true, as you can see by the 2/3rds affirmative stipulation.

It has been very disappointing that turnout for a membership vote has been low and seems to be trending lower. We'll need to do something to attract more participation for a vote like the one that's being presented. After all, this is a master deed amendment with an exceptionally high threshold for the hopes of any approval. I think the Board will have to put together something to entice voter participation, some type of random prize for merely sending in a ballot. Of course, we think you should support this proposal on its merit, supporting the eventual capital project this 50-year-old community will surely need in the near future. However, any amendment proposal would rather be ratified or fail by an actual vote count instead of dying on the vine due to apathy. This is your community and your investment, be heard and participate!

The Printed Directory Is Not Dead Yet

Time to print a new Directory. I think the days of the printed directory are probably waning, but until it fades into obscurity, you need to make any changes to have it show up in the new addition. That's super important as that information stays printed in error for a whole year; there are no do-overs. So if you're looking to fix or add something, get it to us by the end of the month; you'll be happy you did. Once we transition to Frontsteps, the directory online will be so much more accessible to residents; you may never go back to a printed version again. In addition, changes will be instantaneously corrected or added without the process I do every month, admittedly sometimes after some prodding.

Volunteers in Service to Our Neighbors

By Kathy Maiocco

HAPPY NEW YEAR TO EVERYONE!

We, at VISTON, hope everyone had wonderful and safe holidays and that many were able to spend time with families after such a long time apart.

Please do not forget about your friends and neighbors who may need assistance, especially during these cold months of the year. Do not be shy! Call the VISTON office now and get your name on the roster to become a volunteer in the form of a shopper, driver, or office worker. If we have enough volunteers on our roster, one only has to dedicate a little time each month, and the personal rewards are a wonderful feeling to help those in need.

Please visit the VISTON office in person on Monday, Wednesday, or Friday from 9 a.m. to 11 a.m. or call 732-657-1818 to request assistance for a ride or to join us as a volunteer. You may also call and leave a message, and your call will be returned within 24 to 48 hours.

Please note: The VISTON office will be closed from Friday, 12/24/2021, through Sunday, 01/01/2022. The office will reopen on Monday, 01/02/2022.

As always, please continue to check for COVID-19 related updates or changes on the LVW Creeper. Thank you for your understanding.

Coats, Hats, and Gloves...Oh My!

Our new President, Carol DeCicco, opened the November 16 Caritas Guild meeting with

The Pledge and then thanked her whole Board and all the Committee persons. Vice President Barbara

Ryan said a beautiful prayer. I recognized Fran Arnold for serving over ten years as a Hospitality person. All responded with resounding applause. Well deserved, Fran.

Winter items were collected for the Manchester School District children (Kevin's Kids).

There were more coats than ever and beautiful hand-made hats by Jeanette Nuss, as well as quite a few checks so that items such as sneakers, computers, etc., can be purchased. Alex George came to pick up the donations and was once again impressed with the generosity of the Caritas Guild members.

With a Fall and Thanksgiving decorating theme in evidence, thanks to the Hospitality crew, refreshments were served and enjoyed by all. Program person Marie

Wilcox next introduced Danielle Marrone, known as Red Bird. Marie stated that Danielle was going to entertain us with a "buffet" of songs. Danielle's buffet consisted of ballads as well as Country Western tunes, which set off some line dancing. With her incredible singing and guitar playing, she literally brought the house down. Even though we all wore masks, it didn't deter us from singing along. When she played "God Bless the USA," all were standing, swaying and singing. Such a fun meeting.

With wishes for a Happy and, most important, Healthy New Year to all!

Jewish American Club

By Helen Epstein

In keeping with holiday tradition, a Chanukah menorah lighting ceremony took place at Willow Hall on November 29, the second night of Chanukah. Sid Klotz lit the first two candles, said the appropriate prayer, and explained the story of Chanukah to a large turnout of members and friends. Following the candle lighting, a few good men entertained us with a selection of Jewish songs, and Thomas Lubrano played the guitar and sang for us. We then enjoyed refreshments to complete this beautiful evening, which everyone enjoyed. Several new friends became members on this night, and you can too for only \$5

pp. Photos included were taken by Allan Goldberg.

Our December Chanukah gift exchange will be reviewed in the next issue of the LVWNews. Our January meeting will be at 1 pm on January 27 in Willow Hall. We will have as our guest speakers Dena Glynn and Fran Pannella from Caregiver Volunteers of New Jersey. They will discuss the wide range of free, supportive services available to seniors, including respite care for family caregivers. In addition, they will demonstrate how music affects our brains and contributes to better mental and physical health. Mark your calendars with the date of January 27 at 1 pm.

Our February 21 meeting will also be at 1 pm at Willow Hall, and we will feature a day of pampering - for women and men - presented by The Pampered Spirit Wellness Center. Bridget Riley, the owner, will show us self-massage techniques and explain the other services offered at her Center. Our own Carol Adler will have her Mary Kay products available as well. We hope everyone had a happy holiday season, and we wish you all a happy and healthy new year.

Irish American Club

By Fran Perry

“May your heart be light and happy. May your smile be big and wide; And may your pocket always have a tinkle of gold inside.”

Happy and Healthy New Year

That is our wish for all and members of the Irish American Club.

We start our New Year with hope and prayers for a great and happy year ahead.

Our November 2021 meeting was a huge success, with 80 in attendance. After the officers were sworn in, including president John Joyce, we saluted the American flag and were on a roll. As always, Joy Carmody, Hospitality enticed the evening with festive table settings, homemade Irish potato soup, assorted refreshments, and of course, cake and coffee.

We extended special thanks to all veterans, with a special tribute to those veterans present that evening. Two of them were awarded collector items, beautiful steins, donated to the club.

In his kilt regalia, our return guest speaker, Dr. Frank Watson, played the bagpipes to honor every branch of the United States Military. It was very moving.

Dr. Watson went on to speak about “Duffy’s Cut.” Dr. Watson is also a Lutheran Minister and an excellent orator. For several years he has been involved in a tragic event when remnants were found involving Irish immigrant laborers for the railroads in PA. This is now an ongoing investigation, and with DNA testing, positive identifications have been made. Remains have been sent home to Ireland, and many townships and families could have ceremonies and burials.

The evening ended with us writing Christmas cards for veterans in long-term care or rehab facilities.

We look forward to seeing you all at the first meeting in the New Year, January 11.

HAPPY NEW YEAR

Hope you all enjoyed your Thanksgiving holiday. And now, another corona virus variant called Omicron has surfaced just in time for the Christmas holiday. The pandemic ain’t over yet.

As a result, the stock market fell sharply on “Black Friday” by about 2%. However, the market for 2021 remained in good shape. Now let’s move forward, it’s 2022. Be thankful: Science says gratitude is good for your health.

Our January 18 meeting will be held in the Encore Auditorium at 10 am. New LVW residents, please join us, get some answers and update your financial portfolio as we plan for the new year. We expect many new challenges in 2022 in what could be a disturbing year.

We are pleased to announce, our guest speaker for the January 18 meeting will be Norman Chevlin, a Certified Financial Planner with over 32 years of experience in the business. This will be a great opportunity to discuss all financial matters.

Happy New Year! Wishing you a year filled with Love, Joy, Kindness, and Peace!

To start 2022, January meetings, January 6th, and 20th to be exact!

Another way to start the year; invite friends, neighbors, and acquaintances to attend one of our meetings. As you know, not all our members do handicrafts, socializing is also a “skill” and who doesn’t like to socialize? Besides, you never know if someone wants to learn another skill; our members are happy to teach what they know. New members are always welcome.

In December, our club’s participation in the Recreation Department’s Holiday Craft Fair was

successful. A very heartfelt thank you to those who volunteered their time and those who donated items to sell. Now we start planning for our club’s Spring Sale, a date to be announced at the February business meeting. Time to get your crafting skills going.

A big thank you to Joan Reed for stepping up as Refreshment Chairperson. Anyone wishing to join the committee, please speak to Joan. All volunteers are very much appreciated.

A reminder that masks and individual swipe cards are required to enter club meetings (and all buildings).

Dates to Remember:

Meetings: January 6 and January 20 at 1 pm in Leisure Fair.

The Architectural Committee

is looking for new members to join the Committee.

The Committee is seeking volunteers that have experience and/or expertise related to carry out the routine work of the Committee and special projects tasks. The Committee’s charge is to provide advice and recommendations in those areas concerned with maintaining the esthetics and market value of the community. The Committee assistance will include recommendations pertaining to the maintenance of the common facilities and other elements of Leisure Village West including the residential units, limited common areas and the architectural aspects to promote and sustain a harmonious atmosphere amongst residents.

Meetings are held the first Friday of each month.

Resident owners who are interested, please submit a written request, along with a resume or detailed information on your experience to association@lvwa.net.

AUGURI PER UNFELICE 2022! (Happy New Year 2022)

My wish for this year is that everyone stays healthy and safe and continues to spend time with family! It was great to see friends during the November meeting when we elected new officers for the 2022 year. As promised in my December article, here are the results of that election:

President: Janice Polonoli, Vice-President: Rae Tutela, Treasurer: Grace Ievoli, Secretary: Carol Gabriele. Congratulations to all the new officers! Thank you to the IASC Nominating Committee and our nominating Chairperson, Marie Lamberti, for their assistance in our election.

As the New Year ramps up, the IASC officers are busy planning many exciting, fun events for the coming year. So be sure to attend meetings and watch for updates on LVW creeper or lvwcreeper.com.

Our next regular meeting is scheduled for January 17. We are hopeful that this meeting will take place in our beautiful newly renovated Club Encore main hall. Remember, it is that time of the year, and dues will be collected for 2022, which will be \$8.00 for the year. We will also resume new member sign-ups at the January meeting, so come sign up and join us!

We are still looking for hospitality volunteers at our monthly meetings. Please consider contributing just a little of your time to your club! Without volunteerism, the club would cease to exist.

Reminder to check for updates on any changes regarding the use of the LVW buildings.

Recreation

As a fresh and bright New Year arrives, make it a year in which to spread kindness. Don't underestimate the power of a smile or a kind word. We welcome 2022, a new year filled with new memories and things yet to come. The Recreation Department wishes everyone peace, love, and laughter in the New Year.

A Celebration of 50 Years of Leisure Village West

2022 will be a year of celebration. A reflection of the positive impact the residents of our community have had on the daily lives of all, from our humble beginnings in 1972 to the completion of 2692 homes in 1995.

Special events will be planned throughout the year. Community-wide festivities, including food trucks, bands, and entertainment, will be featured on Saturday, August 20, from 12 noon until 8 pm. Be sure to mark your calendars, and we will see you there!

The Recreation Department is sponsoring a monthly 50th Anniversary Trivia Contest throughout the year. See the flyer in this issue for the exciting details.

One winner will be drawn from all of the correct answers submitted. Submissions must be dropped in the Recreation mailbox at Willow Hall by the 25th of the month to be included in that month's drawing. The winner will be announced on the creepers and KLVW-TV. A \$25. Visa Gift Card will be awarded to each month's Trivia Question winner.

On Sunday, January 16, Tim Erbe will present a Triple Tribute Concert featuring the music of John Denver, Elton John, and Elvis Presley. All proceeds will benefit the cost of the blanket music licenses. A tremendous musical program will be enjoyed by all.

Refer to the flyer in this issue.

We welcome the return of the monthly movie on Saturday, January 22, featuring "Here Today" with Billy Crystal and Tiffany Haddish. A veteran comedy writer forms an unlikely friendship with a lounge singer.

Clubs are reminded to submit their 2022 calendars and officer roster. Forms may be downloaded on lvwcreeper.com under Recreation General Information. The calendar should include club meeting dates, time and location, board meeting dates, time, and location. Please list requests for special events as well. As stated in the Rules Governing Clubs and Groups, a special event or fundraiser is one in which an admission is charged, or a donation is requested. Clubs are encouraged to hold their special events on their regularly scheduled meeting dates. Be advised there are no guarantees concerning requests for special events. We do our utmost to accommodate club requests; however, approval is based on the availability of the facilities and the venues of previously scheduled events. In addition, clubs must revise their current Bylaws to include a provision for distributing the club's treasury should the club disband. The provision must include that not less than fifty percent (50%) of the distribution be appropriated back to the Recreation Department.

We extend our special thanks to Mike Morizio and the KLVW staff for their imaginative programming throughout the year. They brought us the patriotic ceremonies on Memorial Day and Veterans Day. In addition, they produced numerous unique programs, including the Holiday House Decorating Contest.

SAY GOODBYE TO KNEE & JOINT PAIN WITHOUT RADIATION

INTRODUCING

Do You experience:

- Joint pain or tenderness?
- Joint stiffness after a period of inactivity or when you first wake up?
- Loss of flexibility?
- Grating sensation when you move?

If you answered “yes” to any of these questions, there’s good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

RADIATION FREE KNEE INJECTIONS UNDER ULTRASOUND GUIDANCE

Why Do You Need It?

- You have knee pain that’s so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- ✓ No pain from the injection
- ✓ No recovery time
- ✓ Quick results
- ✓ No radiation

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure in which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

Book Discussion Club

by Jan Stubbs

Happy New Year! I hope you all had a wonderful holiday season: Hanukkah, Christmas, Kwanzaa, and Near Year's Eve and Day. It seems of all the months of the year, December touches our hearts like no other.

But here it is, January of 2022, the start of another chapter in our lives as we trudge not only through snow and cold but through all the changes in our lives brought about by the Pandemic. At least for the present, we are free to use our facilities to an extent. For the Book Discussion Club, that means we will be meeting on January 12 at 7:00 p.m. in Rooms A-B in Willow Hall.

We will be discussing *All Girl Filling Station's Last Reunion* by Fannie Flagg, beloved author of *Fried Green Tomatoes at the Whistle Stop Cafe*, *Can't Wait to Get to Heaven*, and *I Still Dream About You*. She is at her hilarious best in this comic mystery novel about two women forced to reimagine who they are.

Mrs. Sookie Poole of Point Clear, Alabama, has just married off the last of her daughters and is looking forward to relaxing and perhaps traveling with her husband, Earle. The only thing left to contend with is her mother, the formidable Lenore Simmons Krackenberry, who may be a lot of fun for other people, but is, for the most part, an overbearing presence for her daughter. Then one day, quite by accident, Sookie discovers a secret about her mother's past that knocks her for a loop and suddenly calls into question everything she ever thought she knew about herself, her family, and her future.

Sookie begins a search for answers that takes her to California, the Midwest, and back in time, to the 1940s, when an irrepressible woman named Fritzi takes on the job of running her family's filling station. Soon truck drivers are changing their routes to fill up at the All-Girl Filling Station. But then, Fritzi sees an opportunity for an even more groundbreaking adventure. As Sookie learns about the adventures of the girls at the All-Girl Filling Station, she finds herself with new inspiration for her own life.

Fabulous, fun-filled, spanning decades and generations, and centered on a little-known aspect of America's twentieth-century story, *The All-Girl Filling Station's Last Reunion* is another irresistible novel by the remarkable Fannie Flagg.

This New Year will be very exciting for the Bocce Club members, as we are hoping to continue all events that we had before the covid pandemic started. For this reason, we are asking all members to donate some of their time to help us get these events off of the ground. We need many volunteers. We want to be able to announce the volunteers for all events before our first scheduled March meeting. We are happy to announce the new board for 2022:

With the prospect of our membership continuing to grow, we will find it difficult to continue without volunteers. So please think about volunteering some time. Listed below are some of the events/monthly happenings where we would like to see at least two volunteers for each category.

Ping-Pong Club

*A Club Where Everyone Knows Your Name
Come and See*

By Wynn Faulkner

Happy New Year

Happy New Year to all, and may you enjoy good health throughout the year!

In November of last year, the Club met to finalize its business for this year. The slate of officers put forth by the Nominating Committee was confirmed:

Phyllis Gudewitz, President
Barrington Gooden, 1st VP
Jack Warburton, 2nd VP
Wynn Faulkner, Secretary
Bill Corrigan, Treasurer for 2022

Avriel Kossoff had been treasurer for several years and decided to step down. Avriel, the Ping-Pong Club thanks you for your excellent service in keeping the books the last few years.

The members of the Ping-Pong Club were saddened by the passing of one of their longtime members, Bob Hoch. In his playing days, Bob was the singles tournament champion in the spring of 2009 (C Division) and part of the doubles team that won the championship in the B & C Division in 2016 and 2017. More recently, Bob had been our faithful scorekeeper for each of the tournament games. Club members often enjoyed sitting and talking with Bob. He told great stories and had an infectious sense of humor. Bob, you are missed!

As we look to navigate our way in 2022, remember ping-pong is open! Tuesdays, Thursdays, Fridays, Saturdays at 2 pm, and Sundays at 2:30 pm, the tables are available to enjoy the game of ping-pong with other members. You can get great exercise for a couple of hours while enjoying the camaraderie with friends. And remember, mask up!

FAMILY ALWAYS FIRST HOME CARE

Winter Safety Tips for Seniors and Caregivers

Are you prepared for winter? Is your elderly parent or friend safe?

AVOID SLIPPING ON ICE

When it's icy and snowy out, it's easy to slip and fall. It's fun for your kids too, but not for the elderly. While it might be fun for you and your kids, it's not a good idea for seniors.

HYPOTHERMIA

When you are exposed to extremely cold temperatures, your body begins losing heat rapidly. This results in hypothermia. For elderly adults, very low temperatures can cause serious health problems.

FIGHT WINTERTIME DEPRESSION

Seniors are exposed to many physical, mental, and emotional problems. Thus, keep in mind that you need special caring tips to take care of them.

CHECK THE CAR

Before winter strikes, take their vehicle for winter service. Make sure the oil, wipers, and battery are all checked. It might also help to take additional precautions, such as changing tires if they are worn out.

BE READY FOR POWER OUTAGES

Ensure the senior has flashlights and battery-powered radio readily accessible. Ensure an adequate supply of non-perishable foods. This can help with prolonged power outages where foods in the freezer and refrigerator might spoil.

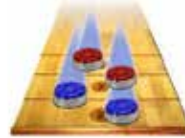

PREVENT CARBON MONOXIDE POISONING

Carbon monoxide is colorless and odorless and thus hard to detect on your own. This can easily result in carbon monoxide poisoning when keeping warm. Carbon monoxide poisoning means there is not enough oxygen in the blood.

Westernaires

By Judith Carelli Stout

“Should old acquaintance be forgot” from an English drinking song, “Auld Lang Syne” sums up the past year for all of us because I don’t think anyone will forget what has transpired in our little community while trying to comply with the rules and regulations set down by our Board of Trustees to keep us all safe. When it involves those who attempt to sing by exhaling a fair amount of air, this becomes an immediate problem. We have tried to circumvent the complete shutdown of our choral group by postponing our regular December concert until the spring of 2022 while holding monthly meetings for the members. This has kept our singers “in the loop,” so they have been aware of what the future is for the LVW Westernaires.

We have been experimenting with singers’ masks for our December sing-a-long, which I hope everyone

enjoyed. Hopefully, by the time we begin twice weekly rehearsals led by our new director, Barbara Klemp, and our new accompanist, Andrew Van Buskirk, we will have different guidelines for our group. The schedule will be slightly altered as Tuesdays will be the full chorus from 9:30 to 11:30 am, and Friday will be sections rehearsals with the men meeting at 9 am and the women at 10:30 am. All rehearsals will be held at Leisure Fair. If you have not handed in your music, please bring it with you. We are looking for help with the phone crew; if interested, contact our president, Jeannine Pryor, a perfect opportunity for those of us who like to gab.

For now, I’ll remind you, the Westernaires are under new management, and we’re all a family! Happy New Year!

West Village Players

By Judith Carelli Stout

Happy New Year from the West Village Players Club! May 2022 be the year to remember those we lost and find a way to go on with our lives. We salute the Board of Trustees who have tried to keep all of us safe and keep our clubs going and thriving despite the guidelines we needed. Despite the restrictions, the Players Club managed to put together a musical that was started almost two years ago. It proves the adage “the show must go on”! Kudos to the cast and crew of “The Best of Broadway.”

How would you like to improve your stage presence? Do you think you would like to get on stage but feel that you aren’t good enough? Well, that’s nonsense! We’re all capable of acting...we do it every day of our lives at some point. However, the Players Club has a solution for you. On Tuesday, January 25, and Tuesday, February 22, at 7 pm, we will be presenting acting seminars for our club members. These seminars will take place at our regularly

scheduled club meetings and will be conducted by guest instructors. This should be fun for all of us, so join us to participate in or observe these seminars. Of course, all this is included in your membership to the Players Club.

A very profound thank you to all the hard workers who made the Players Club cast party a success. The hospitality committee headed by Eileen Krynicki did an outstanding job with Rae Tutela’s excellent cuisine adding to the fare. We had a great time with Ron Owens at the piano for “Name that Tune” and “Charades” prove that we’re all actors at heart.

If you haven’t joined us yet, mark your calendar for Tuesday, January 25, put a \$5.00 bill in your pocket, and join us. Remember, all the world’s a stage, and all the men and women, merely players.

Are you a player?

“

“Only in the darkness can you see the stars.”

A Breath of Fresh Air

Some scientific findings are of minimal interest, barely touching our consciousness. Others are more intriguing, having the potential to improve the human condition. But then, perhaps once or twice in a generation, a discovery is so stunning it demands our attention.

That pivotal moment has arrived! It is now conceivable that humans in emergent situations can employ their intestines to breathe.

It has been scientifically shown that orb-weaving spiders, sea cucumbers, loaches, and catfish have evolved the capacity to breathe through their intestines as a survival mechanism in low oxygen environments. But now, as delineated in the journal *Med*, scientists at Tokyo Medical and Dental University have demonstrated that O₂-deprived mice, rats, and pigs can withstand hypoxic conditions when their intestinal tissue is oxygenated.

Through a series of highly structured experiments, oxygen was infused into the rectum of these animals in both gaseous and liquid form. Enough O₂ was absorbed through the lumen to stabilize each subject and ensure survivability.

Adapting these findings to humans could have enormous implications. Enough oxygen can be

generated in patients suffering from respiratory distress to allow their doctors to diagnose and treat an underlying illness. In those situations where ventilators are at a premium, identifying an alternate way to sustain a patient who is waiting for a ventilator—a scenario played out thousands of times during the Covid pandemic—can save untold numbers of lives!

Will wonders never cease? Through a biological mechanism called parthenogenesis, where embryos develop without benefit of any male contribution, two California Condor chicks have been born.

Genetic analysis derived from a database assembled over thirty years from individual California Condors confirmed that the only DNA shared by these chicks was found in the two female birds that hatched them. Although parthenogenesis has been recorded among domesticated turkeys and chickens, this is the first instance of a “virgin birth” within a cohort of wild condors.

Notwithstanding the astonishing fact that two healthy chicks emerged from eggs that were never fertilized, adding to the number of this critically endangered species (*Gymnogyps californianus*) is beyond serendipitous: in April 1987, the world’s population of California Condors was a mere 27.

A Breath of Fresh Air

As detailed in the October 28 issue of the *Journal of Heredity*, a collaborative mission executed by the Department of the Interior and San Diego Zoo rescued this species from certain extinction. As of December 2020, there were 504 of these magnificent birds.

All interested parties are invited to attend the Nature Club's meeting on **Monday, January 24 at 7pm, Willow Hall**, where our president, Greg Prelich, will present his program entitled "A Nature Journey to Central Florida: Birds, Butterflies, Flowers, and ..." which "will delight the audience with photos of the varied wildlife seen in Florida over the past year."

Thanks, Greg ... I'm feeling warmer already!

6 CAR CARE TIPS for Cold Weather

Provided by International Carwash Association (ICA)

ADD ANTIFREEZE

Antifreeze can help protect your engine from extreme temperatures and help keep fluids from freezing as cold sets in.

CHECK TIRES

When temperatures fall, air inside tires contracts and causes the pressure inside to drop, which can make tires susceptible to damage.

CHANGE OIL

Colder temperatures can cause motor oil to thicken, which can cause starting problems. Change your oil just before winter to help keep oil flowing easily through your engine to help your car start easier.

WaterSavers car washes use 40 gallons or less of fresh water per car wash – less than the water used for a load of laundry.

These car washes also prevent water pollution by routing waste water through treatment prior to its return to the environment.

WASH AND WAX

Washing and applying a fresh coat of wax before fluctuating temperatures set in can be the first line of defense against ice, salt, sand and slush. Visiting a car wash is also a great way to get the underbelly of the car clean to avoid rusting, which helps maintain the overall value of the vehicle.

Additionally, washing at a car wash regularly in winter can help keep the windshield, mirrors and lights clean, which is important in ensuring the best possible vision for the driver.

REPLACE WIPERS

As thick snow starts falling, or when rain and water turn to ice, it's important to have properly fitted wiper blades to keep your windshield clear.

PACK AN EMERGENCY KIT

To help ensure safe travel and be prepared for emergency situations, keep these essential items in your vehicle: gloves, ice scraper, shovel, salt or sand, warm clothing and blankets, jumper cables and first-aid kit.

Find more helpful tips to prepare your car for winter at carwash.org/watersavers.

The cold weather makes it hard to get motivated to go outdoors and shoot, but there are some great photo opportunities to be had in winter. Make certain you dress for the cold and watch for ice!

Even when there is no snow, icy ponds make great subjects. Look for ducks, geese, or seagulls standing on the ice. Ice also makes for great reflection images. Many normal scenes take on a new meaning in the cold of winter

After a snowfall, there are great shots everywhere. The challenge with snow shots is getting the proper exposure. A very bright snowy scene tricks your camera into thinking there is too much light, so the camera will cut back on exposure. This makes the snow in your images look gray. If you know how to set your exposure compensation, increase the exposure by 1 stop to brighten the snow. If your camera has “scene” modes, use the one for snow or beach.

The bare leafless trees make nice silhouette shots and are very good for black and white photography. They are especially effective with a sunrise or sunset behind them.

That's it for this month. As always you can email me with any photographic questions at bill@KirmsPhotography.com. If you'd like to see more of my images you can visit my site at www.KirmsPhotography.com. Remember to keep shooting and trying to improve your images, but most importantly, have fun with your camera.
