

**SUBCONTRACTOR NOTE:** Subcontractor will be responsible for construction of his work to proper size per standard details. Plans will be provided all subcontractors for work to be performed per this plan. These stakes will indicate location and grades to which these works are to be constructed. Subcontractor will verify the direction of his work, walls, curbs, pavement, artwork, and utilities and notify the owner if there is any conflict between stakeout grades provided and plan as shown on plans. Work installed not in accordance to pitch shown on plans will be replaced at subcontractor's expense.
